

I am appalled by Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. This action is clearly not being taken with the public's interest in mind. It is a blatant attempt to use public airwaves for a political agenda and violates the principles the FCC struggles to uphold every day. I'm counting on you to represent me and every other private citizen by demanding that they either not air this program or air a pro-Kerry program to provide equal airtime, as they are required to do by law. Please send a clear message that such corporate interference with the democratic process will not be tolerated. Thank you for your time,

Aaron J. Adler
